**Toolkit: How to Use The Fantastic Five Website**

Introduction

The Fantastic Five is a website that showcases the companies and their locations in London that are working to achieve Sustainable Development Goal 12 (SDG 12): Responsible Consumption and Production.
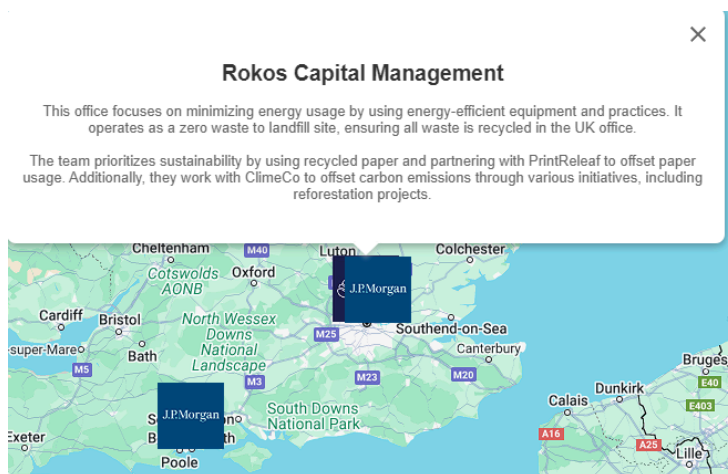

Getting Started

1. Go to https://ebenezer103.github.io/World-Skills/
2. You will see a world map with a focus on London.
3. Click on the logos of the companies to learn more about what they do to meet SDG 12.

Exploring the Companies
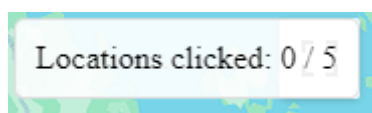

As you click on each company logo, a number in the right-hand corner will go up from 0 to 5 Once you have discovered all five company locations, a quiz will pop up to test your understanding of the content.

Taking the Quiz

1. Answer the questions to the best of your ability.
2. You can pop out of the quiz at any time to check different locations on the map.

3. The pass mark is 60%.
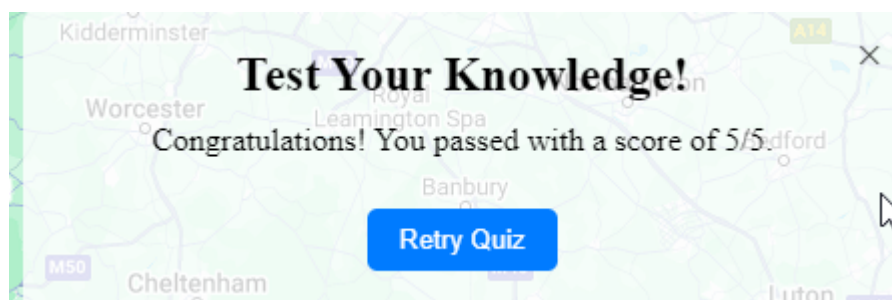

4. If you pass the quiz, you will receive a certificate of completion.

Accessibility Options

The Fantastic Five has several accessibility options to make it easier for everyone to use the website:

- **Alternative text (ALT tags) for logos:** This helps people who are visually impaired understand what the logos represent.
- **Semantic HTML:** This makes it easier for text-to-speech systems to identify content on the page.
- **Keyboard navigation:** You can use the keyboard to navigate the website without using a mouse.
- **High contrast mode:** This makes it easier for people with low vision to see the content on the page.
- **Mobile Phone Friendly** : The Website adapts to the size of the screen
- **Text-to-Speech Functionality:** Ensures accessibility for visually impaired users.
- **High-Contrast Modes:** Enhances visibility for users with visual impairments.
- **Adjustable Text Size:** Accommodates users with different vision needs.
